Quartix Holdings PLC
15 January 2016

Quartix Holdings plc ("Quartix" or the "Company")

Trading Statement

Quartix Holdings plc, one of Europe's leading suppliers of subscription-based vehicle tracking systems, software and services, reports that it will publish results for the year ended 31st December 2015 on Monday 29th February, and that both revenue and profits are anticipated to be ahead of market expectations. The company will host a presentation for analysts at 9:30am at finnCap's offices and a webcast for shareholders at 11:30am that morning. All presentation materials will be posted on the Company's website. Registration for either event can be made by email to investors@quartix.net.

Andy Walters, Managing Director, commented: "We are delighted with the progress made, having finished the year with more than 73,000 fleet vehicles under subscription. Our combined base in the USA and France almost doubled in the year, to 11,000 units. Despite the competitive nature of the insurance sector, our new unit installations in that market grew by 74% to 57,000 vehicles, and our insurance division continued to make a positive contribution to the business. Our strong performance in both the fleet and insurance sectors allows us to continue our increased investment in a number of key product and market developments which will position us well for future returns. We look forward to 2016 with confidence."
